c. Gross Vehicle Weight	i. Emergency exit dimensions
d. Cabin Dimensions	j. Hand Rails
e. Seat Dimensions and Seat Layout	k. External Projection
f. Space for each standing passenger	l. Field of Vision

This certificate is issued on 21 of February year 2025 based on the prototype unit and documentary requirements submitted to this Office. This COC shall be subject to the following conditions:

1. This COC shall be valid unless otherwise, the Department or through its deputized agency issue updated technical regulations which will cause strict compliance with the updated specifications due to public safety concerns.
2. The COC holder shall recognize the authority of the Department or its deputized agency to conduct an inspection for purposes of determining conformity of the units in production with the technical specifications and compliance with this COC, DOTr DO No. 2024-015 and its Procedural and Evaluation Manual (PEM); and
3. This COC may be revoked or suspended in case of any violations of the conditions set forth herein and/or non-compliance with DOTr DO No. 2024-015 and its Procedural and Evaluation Manual (PEM).
